Heritage 2.0 Collection

Allow us to introduce the new Heritage Collection from Porsche Lifestyle, which brings the 60s back not only to everyday life, but also to the hearts of fans and Porsche enthusiasts. The modern retro collection proves that while trends come and go, true style lasts forever.

With selected design elements, the new collection pays tribute to two icons: the new 992 Sport Classic and its historical role model, the 911 Carrera RS 2.7. The legendary Pepita pattern – which often appeared in the 60s as a classic pattern on women's suits – not only found its way into the interior of the new 992 Sport Classic, it can now also be found once again in selected parts of this collection.

Racing Collection

A victory march. In a straight line. The legendary Porsche 956 took all the titles in the FIA World Sportscar Championship from 1982 to 1984 in both the driver and manufacturer categories. The first pilot behind the wheel was Jürgen Barth, who put the legendary racing car to the test in March 1982 on our own track in Weissach. After promising drives on home ground, he was off to France later that year, where he competed in the 24-hour race in Le Mans, taking third place. That's not all: first and second place also went to Porsche and the 956.

In short, it was the beginning of a great success story that the Racing Collection continues with its choice of colours and design based on the iconic winner. Bringing this flair and dynamism to everyday life with sporty, casual outfits.

Uncompromising lightweight construction, minimalist interior, higher top speeds. A legend today, the 911 Carrera RS 2.7 immediately captured hearts when it was introduced at the 1972 Paris Motor Show. Then it took to the roads. The sporty RS 2.7 Collection pays homage to the bright variety of colours of the 911 Carrera RS 2.7 – and to the unique sports car icon itself.

Glasses

You don't follow trends to become a style icon, you set them. Just like Porsche Design did in 1978 with its legendary aviator sunglasses featuring interchangeable lenses. The remake of this design classic is now available in the Porsche Lifestyle shop, together with other selected sun and reading glasses from Porsche Design.

Not only the design of the exclusive eyewear is stylish, but also the performance: the high-quality plastic lenses in the sunglasses, for example, provide 100% UV protection, while high-performance materials ensure optimum stability that can effortlessly withstand all the challenges of a sporty lifestyle.
